Genie (born 1957) is the pseudonym of an American feral child who was a victim of severe abuse, neglect, and social isolation. Her circumstances are prominently recorded in the annals of linguistics and abnormal child psychology. When she was approximately 20 months old, her father began keeping her in a locked room. During this period, he almost always strapped her into a child's toilet or bound her in a crib with her arms and legs immobilized, forbade anyone from interacting with her ...
