### **EON15 G2 User Guide**

The JBL EON 10" G2 is a great powered speaker! Recommended by a fellow musician, I'm so glad I chose the EON. The 10" gives enough sound for a small gig. I love the breadth of the bass range and resonance, and I'm inspired to practice more on the keys when I hear the great quality. The 10" is light enough for me to carry.
