machine name and port in the navigation bar; for example: The Console Welcome page appears. This page contains a form where you can enter your log-in credentials. Enter a Username and Password and click Login:

Managing Users from the WebLogic Administration Console

The Oracle WebLogic Server Administration Console is a Web browser-based, graphical user interface you use to manage a WebLogic Server domain. A WebLogic Server domain is a logically related group of WebLogic Server resources that you manage as a unit. A domain includes one or more WebLogic Servers and may also include WebLogic Server clusters. Clusters are groups of WebLogic Servers that work together to provide scalability and high-availability for applications.
