OpenLibrary is a not for profit and an open source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.

Solutions Construction

Solution Construction was founded. The company has undergone growth and change since its inception in 2003, but one constant has remained at the core: the vision and pursuit of excellence established by Solution's three leaders-- Andrés Correa, Laín Ruíz and Roberto Dopico.
