Torque wrench setting conversion table --- Newton metres ...

Torque Conversion Calculator. The Mountz torque calculator allows you to convert torque measurement from one type of unit measurement to another. Torque is twisting force that tends to cause rotation. We measure torque by multiplying two factors—amount of force applied and distance from the point of application.

Torque Conversion Calculator - Mountz Torque

$Y = F \cdot L$ (Torque wrench setting or reading) The actual torque applied at the drive center of the extension: $T = F \cdot (L + E)$
Rearrange for F: $F = Y / L$ and $F = T / (L + E)$ $F = F$ therefore
